

**To: Licensed Dentists**

Due to the current Covid-19 pandemic which has created both logistical and economic pressures on our members, the Manitoba Dental Association, in consultation with the Chair of the Continuing Competency Committee, is allowing for the postponement of all CE requirements for members who have a continuing education anniversary date of March 1, 2021. This extension will be for a period of 6 months. Effective immediately, the new anniversary date for these individuals will be September 1, 2021.

Upon request, extensions will be considered for all other members on a case by case basis.

The MDA will also grant the extension of the resuscitation program requirement for licensure renewal for all members for a period of 6 months ending September 30, 2020

Due to the fluid nature of the Covid-19 pandemic, these extensions may change.
